
Principal residence of one of the most powerful families in Ireland, Kilkenny Castle is of exceptional historical significance for its role in Irish political and cultural history.

Standing on a strategic height, Kilkenny Castle was built by William Marshal, 4th Earl of Pembroke in the 12th Century to command the crossing of the River Nore.

In the 14th Century Kilkenny Castle became the principal Irish residence of the powerful Butler Family, Earl, Marquess & Dukes of Ormonde for almost 600 years.

Today visitors can experience the exuberant spirit of the Victorian age, faithfully brought back to life in the restored Period Rooms of Kilkenny Castle.

The Castle Park includes a 21 hectares walled demesne parkland to the south and a formal terraced Rose Garden to the north. The estate overlooks the Nore River and features mature trees and shrubs with an ornamental lake and a children's playground.

Kilkenny is a vibrant and compact city which hosts a number of renowned festivals each year. A variety of events such as concerts, art exhibitions, talks, workshops and street theatre are held throughout the year in the Castle & Park.

Highlights include:

- ❖ Spectacular suite of 17th Century Decius Mus Tapestries
- ❖ Stunning Picture Gallery with its hand painted hammerbeam roof
